

K LOVE radio is very inspiring, uplifting and it keeps me grounded during the day to Christ and what is important in life. Since it is funded by listeners and not by ads, the station truly stays on the air by its listeners commitment. I feel if LPFM provides other broadcasting and I could not get K LOVE my children and I would really miss the message of KLOVE, I also feel there are a lot of people who turn toward Christ because of KLOVE and what would those people do, I feel people need religion in their life and I KNOW KLOVE is a perfect example of Christ centered love. Please do not change the broadcasting and take KLOVE from those who support it and what/need to hear the message it provides daily.

Thank you, Kim Griffith
